

Stewart Ganulin, founder of Hope for Sderot, one of the outreaches to the needy in Israel that Israel Food Outreach supports, wrote us the following word of thanks:

Shalom Dudley,

I recently sent you some pictures of the Friday Shabbat meals we have been preparing of our soldiers from Sderot. The meals were made possible by your love and support from Israel Food Outreach, but that is just the half of it.

Through your support we have provided hot meals for Shabbat to the residents of Sderot who chose to stay and not evacuate; YOU have provided shopping trips to the market for those who have returned as well as for those who did not leave; YOU have given financial aid to those who were displaced and were let without a job or any income to be able to buy the simplest of items for their families; YOU have provided baby formula, diapers.

You provided thermal Tee shirts, neck scarves and winter jackets for soldiers from Sderot. The list of what IFO has done, through its love support and prayers could go on and on. There are no words to convey my gratitude to the IFO family!

To you, your Board of Directors and your donors, THANK YOU. Without your support none of this would have been possible.

In His Love,

Stewart Ganulin
